ATTACHMENT "A"

On September 29, 2020 agents executed a federal search warrant in Corpus Christi, Texas previously identified as a business and residence of Troy BIRD. During the execution of the warrant, approximately 397 grams of suspected methamphetamine was recovered from BIRD's bedroom. A presumptive test was performed on the suspected methamphetamine and returned a positive result for the presence of methamphetamine. Also located near the methamphetamine were packaging materials and scales. The quantity of the methamphetamine discovered, in combination with packaging materials and scales, infers that the methamphetamine was possessed with the intent to distribute.

On September 29, 2020, AUSA Dennis Robinson was contacted based upon the above facts and accepted prosecution of Troy BIRD for violations of 21 United States Code 841, Possession with the intent to distribute a controlled substance in Schedule II of the Controlled Substance Act of 1970. To Wit; more than fifty (50) grams of methamphetamine.
